

Rob, Emilie, Pearl,& Faisal  
Professor Joy  
COSC 365 - 001  
12/02/2022

### Progress Report

Name : Code Classified

1. Summary of tasks accomplished in this week

New node.js file made to accommodate the arduino serial port, more understanding of the npm packet

2. Each team member's contribution for tasks completed

Rob: finishing up the project's operation

Emilie: continuing/making adjustments with the website and the Arduino serial monitor

Pearl: finishing up project report

Faisal: research

3. Summary of unfinished tasks and reasoning

Node.js file is able to work, a few variables need to be fixed.

Once the serial port is stated the node should output all of the arduino data onto its own monitor

4. Tasks for the coming week

Continuing linking up the js with the Arduino data and displaying it on the live monitor page

5. Copy or link of the materials you reviewed this week if there is any
