## Progress Report

Name : Code Classified

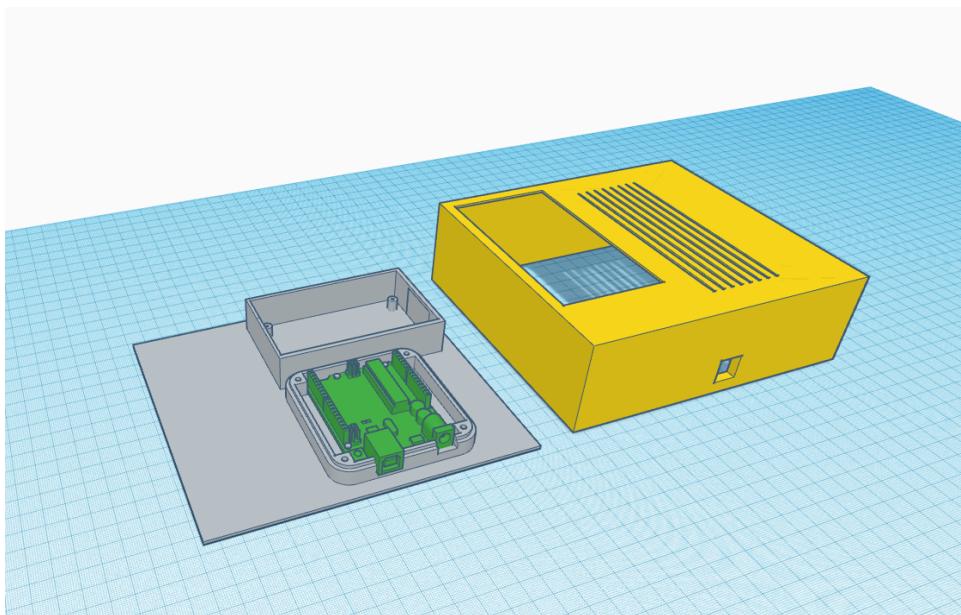

### 1. Summary of tasks accomplished in this week

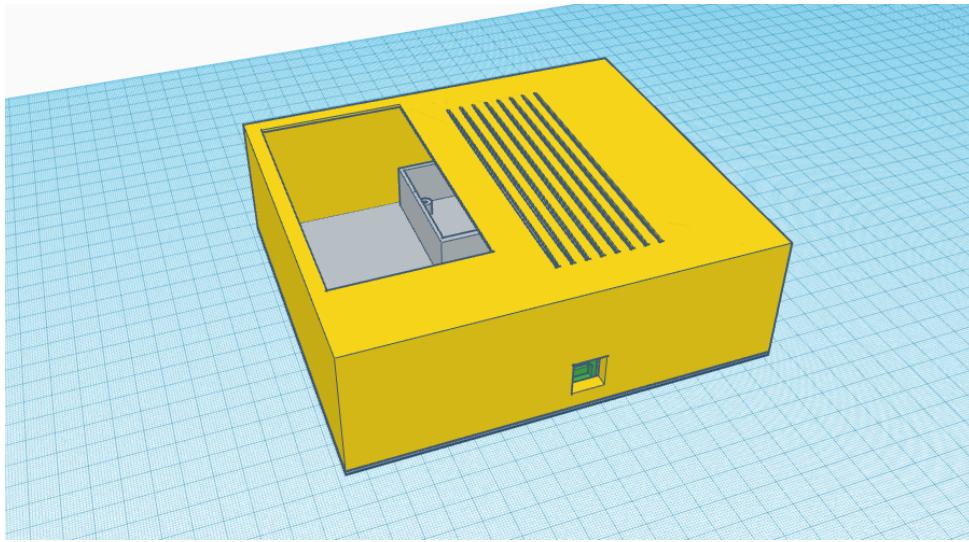

A few more pages added to the website as well as links to materials/products through image hyperlink

V1 of the enclosure

V2 of the enclosure

2. Each team member's contribution for tasks completed

Rob: Printed out the enclosure / designed V2 of the enclosure

Emilie: continued working on website and serial monitor output to webpage

Pearl: continued project report & create list

Faisial: research

3. Summary of unfinished tasks and reasoning

Arduino communication with the website, errors between serial port and interference with unlinked code, next steps are to fix the bugs throwing the errors

4. Tasks for the coming week

Link up monitor with the Arduino code to check the results.

Print V2 of the enclosure (in progress)

Create the powerpoint and finishing up any small touches

5. Copy or link of the materials you reviewed this week if there is any
